

GUSG PR con. call 8/24/05

Taxonomy, PECE, threats will all be targeted by Julie M.

Susan has gotten Steve Chambers to review Taxonomy papers.

Will try to take angle that if proposed will tight fire under folks to do more cons., to wait to do PECE? Doing PECE w/ PR will make it look like aren't just trying to push for more regulation. Esp. if get march date will prob. do PECE review.

Laura can start on PECE Sept. 19TH but after Nov. 17 has CH package she's supervising so will have reduced time but still some time available.

Terri Thorn ^{Pat M.} thinks he's available for more meetings.

- this is only for bridge
