2. Settlement date progress (calls from media).
3. Alternative Gunnison Basin "fragmentation" maps being prepared by Terri Thorn, inclusion of "hazardous materials" pipeline, and inclusion of designated utility corridors.
4. PR progress.
5. Laura R.'s PECE review of RCP Rangewide strategies and bundling (what's missing information?), review of conservation actions/efforts by Nancy and Laura, PECE review of CCAA, etc.
6. Nancy's call to Dave Guyer about whether to include people in a CI if they aren't willing to do all conservation measures we'd like them to do and about termination language in CCAA/CIs.
7. Proposed CH Concept Paper
8. CCAA and Gunnison State Wildlife Area CI edits
9. Other items.
